

## Castello Romitorio Brunello di Montalcino

### Filo di Seta 2018

Resplendent with a thousand different colours this regal glass of Brunello alternates notes of lemon, face powder, sandalwood, white pepper, linden, rose petals, pink grapefruit and guaranà. In the background the notes of green tea leaves and peppermint give a notable freshness to the matrix. Medium bodied, perfectly mature tannins of a silky character and a very fine finale which exalts from the centre palate onwards to the dynamic, smooth closure. Better From 2024.
