Brio is a wine made predominantly from Sangiovese grapes from our own vineyards on the gentle sloping hills of Scansano, which expresses the freshness of this grape variety.

The combination of altitude, south-westerly exposure and rich volcanic soils in Scansano create one of Italy's most unique microclimates.

The area, notable for its unspoiled nature and rolling hills, lies approximately 150 meters above sea level and only 20 kilometers from the Tyrrhenian Sea.
